

Strata HR & Outsourcing Inc., has launched its new website offering to safeguard the investment of international companies in Mexico through strategic human resources solutions.

Toronto, CA. December 15th, 2010. – **Strata HR & Outsourcing Inc.** has launched its new website providing information related to strategic human resources solutions for international companies interested in doing business in Mexico.

This talent Management Program provides the human resources that make doing business in Mexico an attractive solution for companies looking to cut costs and increase their profitability lessening the fear to the uncertainties of working in an unfamiliar legal frame country.

Strata HR is fully committed to safeguard the investment of international companies in Mexico by providing strategic human resources that make the complexity of the Mexican labor market seem an easy task.

According to Strata's President, Mr. Toni Gerges, international companies will find the opportunity of getting a FREE HR ASSESSMENT either to start up or to improve business operations in Mexico. The new website can be found at <http://www.StrataHR.com> , where the FREE ASSESSMENT can easily be found.

About Strata HR.

Strata HR & Outsourcing Inc., has an 6 year track record of providing Human Resources Solutions to international companies in Mexico. Its solutions are devoted to safeguard the investment of international clients in the mining, electronic, automotive, and other manufacturing or industrial companies.
